Prayer For Torture

Oh God please bless
our legislatolrs and
give them elbow room

to craft a fair discomfort list
for riffraff. And please

support especially
the Water Board
which has been effective,
Lord,and fun.

And panties on the head,
Creator,please allow.

Why should the Left seize Camp
alone? And Lord,please supoport
the troops and smite the traitors

in our midst,called Democrats
by some. And,if it be thy will,
keep defense stocks zooming.

And Lord protect most of all
those captured by the enemy.

Though mercenaries,they
deserve your help. And

bless,too,our youngsters here
at home who serve you best in purity.
